## Amerigo Service Update

September 26, 2018

Dear Valued Customer,

CMA CGM is pleased to announce that our Amerigo service will soon be upgraded to a more efficient product on which CMA will operate a larger fleet of vessels (8500teus).

**Service reliability will be further improved thanks to the following optimized rotation:**

La Spezia – Genoa – Fos Sur Mer – Barcelona – Valencia – New York – Norfolk – Savannah – Miami – Algeciras

The exact transit times are still to be finalized and will be confirmed at a later stage; together with new shipping windows. However, the transit times will remain in line with the current times.

New service is due to start in December 2018, subject to regulatory validation.

Thank you for your continued support. Should you have any questions, please contact your local CMA CGM sales representative. For current schedule activity please visit our Web site at [www.cma-cgm.com](http://www.cma-cgm.com).

Best regards,
